- Envelope: white envelope that measures, 4 ½ inches x 5 ¾ inches - found at craft or paper store
- Glue: Glue stick, glue dots, spray glue is recommended - found at craft or office store

Pattern:

Punch Pattern

Pattern Example

Instructions:

Cutting Paper:

- **Stitched piece:** Start with heavy white cardstock. Measure each piece 3 ¼ inches x 4 ¼ inches. Then cut, or use a slide cutter for best results. (See Figure 1)
- **Accent Color piece:** Using cardstock, choose any color that will help the thread stand out. Cut the accent piece 3 ¾ inches x 4 ¾ inches. (See Figure 11)
- **Card piece:** Using white or oatmeal cardstock that is 8 ½ inches x 11 inches, cut the piece in half. Depending how you want your card to open, or how the stitched piece is facing, cut it vertically or horizontally. Then fold the card in half for a fold, using a bone folder can really help the crease. (See Figure 12)

Punching:

- Line the pattern over the cut cardstock piece. Punch the dots with an awl or a pushpin through the pattern and the cardstock. Only punch holes where the dots are shown on the pattern. Look at “pattern example” above for help. (See Figure 2 & 3)

Stitching:

Please Note: At the beginning and end of each new stitch, tie a knot underneath and trim any excess. Use all 6 strands of embroidery floss. For complete instructions on stitches, visit www.thestitchingbarn.com

- **Rings:** Begin backstitching the rings by starting at one of the crossovers. When one ring is complete, then backstitch around the second ring. Look at “pattern example” above for help.
- **Diamond:** Backstitch a triangle with three stitches, using the left ring’s top center hole that is a bottom point for the triangle. Look at “pattern example” above for help.

Gluing:

- When the stitching is complete, center and glue the stitched piece to the color accent piece. Then center and glue the two glued pieces to the front of the folded card. The card is ready for an envelope. Any glue may be used. Heavy-duty spray glue is recommended. (See Figure 11 & 12)
